At DTCS we will evaluate your current system and make our recommendations in a jargon-free report. Our initial consultation and site visit is undertaken free of charge. Our recommendations will be based on where your business is today and where you would like it to be in five years time, suggesting developments that may be beneficial in the future.

Regular health checks incorporated into our support contracts will keep your IT system running at its optimum performance.

If you require further information on how we can assist you and your business please contact our Grantham office

Telephone **(01476) 515742** Email support@dtcs.co.uk or alternatively call your local Duncan & Toplis office.

IT Service

“We take care of your computers so you can take care of your business.”

- Do you have 100% confidence in your backup systems?
- Is your network secure?
- Does your IT support follow strict security and change management controls?

What makes DTCS different?

Above all we aim to build a strong relationship with our clients and to enjoy working together. We apply professional IT standards for businesses, ensuring change management is implemented following strict guidelines and data protection is never compromised. We invest in our people ensuring that we are always at the forefront of new technology which enables us to provide our clients with good sound advice.

“Having Duncan & Toplis Computer Services managing our IT infrastructure means we can get on with running the business with the confidence that our IT investments will be well looked after.”

David Vidilini
Korbond Industries Ltd

“Our business demands IT systems which work 24/7, 365 days of the year. DTCS have provided QK Cold Stores (Marston) Ltd with a full IT support solution for the past seven years, including a major refresh of our servers and network systems. DTCS have also provided a 24 hour support service which has been invaluable to our piece of mind.”

Suzanne Dawson
QK Cold Stores (Marston) Ltd
